

Editorial Board

William Bonfield, Editor

Department of Materials Science & Metallurgy, University of Cambridge

Luigi Ambrosio

Centre for Biomaterials, University of Naples "Federico II"

Jonathan Ashmore

Department of Physiology, University College London

Christopher Dobson

Department of Chemistry, University of Cambridge

Athene M Donald

Cavendish Laboratory, University of Cambridge

Francis Doyle III

Department of Chemical Engineering, University of California, Santa Barbara

Neil Ferguson

Faculty of Medicine, Imperial College London

Wayne Getz

Department of Environmental Science, Policy & Management, University of California at Berkeley

Lorna Gibson

Department of Materials Science and Engineering, Massachusetts Institute of Technology

Wendy Hall

Department of Electronics and Computer Science, University of Southampton

Stefan Hell

NanoBiophotonics, Max-Planck-Institut für biophysikalische Chemie, Göttingen

Larry Hench

Director of Special Projects, University of Central Florida

Richard Henderson

MRC Laboratory of Molecular Biology, University of Cambridge

Peter Hunter

Bioengineering Institute, University of Auckland

C. James Kirkpatrick

Institut für Pathologie, Johannes Gutenberg-Universität Mainz

Hiroaki Kitano

Sony Computer Science Laboratories, Inc., Tokyo

Richard Kitney

Department of BioEngineering, Imperial College London

Michael Klein

Laboratory for Research on the Structure of Matter, University of Pennsylvania

Tadashi Kokubo

Research Institute for Science and Technology, Chubu University

Chwee Teck Lim

Division of Bioengineering & Department of Mechanical Engineering, National University of Singapore

Teruo Okano

Institute of Advanced Biomedical Engineering and Science, Tokyo Women's Medical University

Steve Oliver

Department of Biochemistry, University of Cambridge

Julia Polak

TERM Centre, Division of Investigative Science, Imperial College London

Patrick Prendergast

Department of Mechanical & Manufacturing Engineering, Trinity College Dublin

Sir George Radda

University Laboratory of Physiology, University of Oxford

David Rand

Department of Mathematics, University of Warwick

Neil Rushton

Orthopaedic Research Unit, University of Cambridge

John Ryan

Bionanotechnology IRC, University of Oxford

Simon Tavaré

Department of Biological Sciences, University of Southern California

Richard Templer

Department of Chemistry, Imperial College London

Martin Vingron

Computational Molecular Biology, Max-Planck-Institut für molekulare Genetik, Berlin

Ioannis Yannas

Department of Mechanical Engineering, Massachusetts Institute of Technology

Joseph Zaccai

Institut Laue-Langevin, Grenoble

Xingdong Zhang

Engineering Research Center in Biomaterials, Sichuan University

AIMS AND SCOPE

Interface is a new international journal publishing papers from the interface between the physical sciences, including mathematics, and the life sciences. It provides a high-quality forum to publish rapidly and interact across this boundary in two main ways: *Interface* publishes research applying chemistry, engineering, materials science, mathematics and physics to the biological and medical sciences; it also highlights discoveries in the life sciences that allow advances in the physical sciences. Both sides of the interface are considered equally.

Copyright © 2009 The Royal Society

Except as otherwise permitted under the Copyright, Designs and Patents Act, 1988, this publication may only be reproduced, stored or transmitted, in any form or by any other means, with the prior permission in writing of the publisher, or in the case of reprographic reproduction, in accordance with the terms of a licence issued by the Copyright Licensing Agency. In particular, the Society permits the making of a single photocopy of an article from this issue (under Sections 29 and 38 of this Act) for an individual for the purposes of research or private study.

SUBSCRIPTIONS

In 2009 *Journal of the Royal Society Interface* (ISSN 1742-5689) will be published monthly, with twelve issues a year. Full details of subscriptions may be obtained either by contacting our journal fulfilment agent, Portland Customer Services, Commerce Way, Colchester CO2 8HP; tel: +44 (0)1206 796351; fax: +44 (0)1206 799331; email: sales@portland-services.com or by visiting our website at royalsocietypublishing/info/subscriptions. From 2008 personal subscriptions are available for this journal – see prices. Full ordering information can be obtained from Portland Customer Services. These rates apply to bona fide individual use only. They must be paid by personal cheque or credit card, and orders cannot be delivered to an institutional address. The Royal Society is Registered Charity No 207043.

Subscription prices	Europe	USA & Canada	All other countries
2009 calendar year			
Printed version			
Institutional subscription	£1012/US\$1922 €1315	£1049 US\$1993	£1071/US\$2034
