AIMS AND SCOPE

Interface is a new international journal publishing papers from the interface between the physical sciences, including mathematics, and the life sciences. It provides a high-quality forum to publish rapidly and interact across this boundary in two main ways: Interface publishes research applying chemistry, engineering, materials science, mathematics and physics to the biological and medical sciences; it also highlights discoveries in the life sciences that allow advances in the physical-sciences. Both sides of the interface are considered equally.

SUBSCRIPTIONS

In 2010 Journal of the Royal Society Interface (ISSN 1742-5689) will be published monthly, with twelve issues a year. Full details of subscriptions may be obtained either by contacting our Journal Fulfillment agent, Portland Customer Services, Commerce Way, Colchester CO4 9PP; tel: +44 (0)1206 796351; fax: (0)1206 799331; email: sloke@portland-services.com or by visiting our website at journalpublishing.info/subscriptions. From 2008 personal subscriptions are available for this journal (see pricing). Full ordering information can be obtained from Portland Customer Services. These rates apply to bona fide individual use only. They must be paid by personal cheque or credit card, and orders cannot be delivered to an institutional address. The Royal Society is Registered Charity No. 207043.

Cover image: Pedisus at the base of the antenna of the mosquito Toxorhynchites brevipalpis. (See pages 91–108, image courtesy of Prof. Daniel Naber.)

For further information on the Society’s activities, please contact the following departments on the extensions listed by dialing +44 (0)20 7839 5561, or visit the Society’s Web site (www.royalsociety.org).

Research Support (UK grants and fellowships)
Research appointments: 2547
Research grants: 2519
Conference grants: 2540

Science Advice
General enquiries: 2585

Science Communication
General enquiries: 2572

International Exchanges (for grants enabling research visits between the UK and most other countries (except the USA))
General enquiries: 2550

Library and Information Services
Library/archive enquiries: 2606

Leslie Dutton, Editor
Biochemistry and Biophysics, University of Pennsylvania
Luigi Ambrosio
Cattedra “Federico II” Istituto per la Metabolica, Università di Napoli
David Balding
Institute of Genetics, Imperial College London
Sema Forth
Department of Materials Science & Metallurgy, University of Cambridge
Fu-Zhai Cui
Biomaterials Laboratory, Tsinghua University
Athene M Donald
Canavadd Laboratory, University of Cambridge
Mohat Edrington
Mechanical Engineering, University College London
Kei Ferguson
Faculty of Medicine, Imperial College London
Scott E Fraser
Division of Biophysics, California Institute of Technology
Wayne Goddard
Department of Environmental Science, Policy & Management, University of California at Berkeley
Lorna Gibson
Department of Materials Science and Engineering, Massachusetts Institute of Technology
Stefan Hell
Max-Planck-Institut für Biophysikalische Chemie, Göttingen
Peter Hunter
Bioengineering Institute, University of Auckland
Stephen Hyde
Department of Applied Mathematics, Australian National University

Editor Leslie Dutton
Publishing Editor Tim Holt
